Professional Summary

Data Science undergraduate with strong hands-on experience in Machine Learning, Data Analysis, and building practical data-driven solutions. Proficient in Python, model development, and data preprocessing, with exposure to real-world datasets and end-to-end ML workflows. Seeking internship and entry-level opportunities in Data Science, Machine Learning, and related domains.

Education

Bachelor of Technology – Data Science	Aug 2023 – Present
Aditya University, Surampalem CGPA: 8.88	
Intermediate (12th)	2023
Aditya Junior College, Kakinada Percentage: 93.3%	
Secondary School (10th)	2021
Aditya School, Kakinada Percentage: 99.17%	

Technical Skills

Languages: Python, C, Java (Foundational), SQL (Basics)

Machine Learning: Supervised & Unsupervised Learning, Data Preprocessing, Feature Engineering, Model Evaluation

Data Science: Data Analytics, Visualization

Web: HTML, CSS **Tools:** Git, GitHub, VS Code

Projects

Time-Series Anomaly Detection using Variational Autoencoder (NASA Data)

- Built a Variational Autoencoder (VAE) for anomaly detection on multivariate time-series data
- Applied preprocessing and detected anomalies using reconstruction error

Real-Time Churn Prediction API with MLflow and Docker

- Developed an end-to-end ML pipeline and REST API for churn prediction
- Used MLflow for tracking and Docker for deployment

Knowledge Distillation Pipeline with PyTorch and Streamlit

- Implemented knowledge distillation to compress deep learning models
- Built Streamlit interface for predictions and visualization

Internship Experience

Machine Learning Intern – 1stop.ai

- Worked on Human Action Detection using sensor data
- Hands-on experience in model training and evaluation

Certifications

Programming Essentials in C (Cisco) | Python Essentials (Cisco) | Introduction to Python (Red Hat) | Java Foundations (Oracle) | Machine Learning (LinkedIn Learning)

Achievements

Second Place – 24-Hour Hackathon, SRKR Engineering College (2024)

Participant – National-level Technical Competition

Languages

English, Telugu
